

PRESIDENTIAL STEERING COMMITTEE ON COVID-19

OFFICE OF THE SECRETARY TO THE GOVERNMENT OF THE FEDERATION

2nd November, 2021

SYSTEM UPGRADE ON THE NIGERIA INTERNATIONAL TRAVEL PORTAL (NITP)

The Presidential Steering Committee on COVID-19 (PSC) wishes to inform the general public that the Nigeria International Travel Portal (www.nitp.ncdc.gov.ng) will be undergoing system upgrade between 2nd November and 4th November, 2021. As a result, travelers may experience intermittent down times during this period. Travelers are encouraged to log on to the portal at their earliest convenience as well as make multiple attempts if they experience difficulty. However, the public should note that alternative arrangement has been made to manually register passengers who are not able to register on the portal upon arrival in Nigeria.

The PSC sincerely regrets the inconvenience this might have caused.

-Signed-

Boss Mustapha

Secretary to the Government of the Federation/
Chairman, Presidential Steering Committee on COVID-19
