

**PREVENT
THE SPREAD
OF COVID-19**

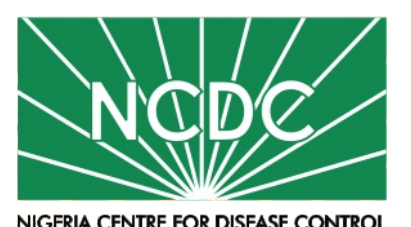

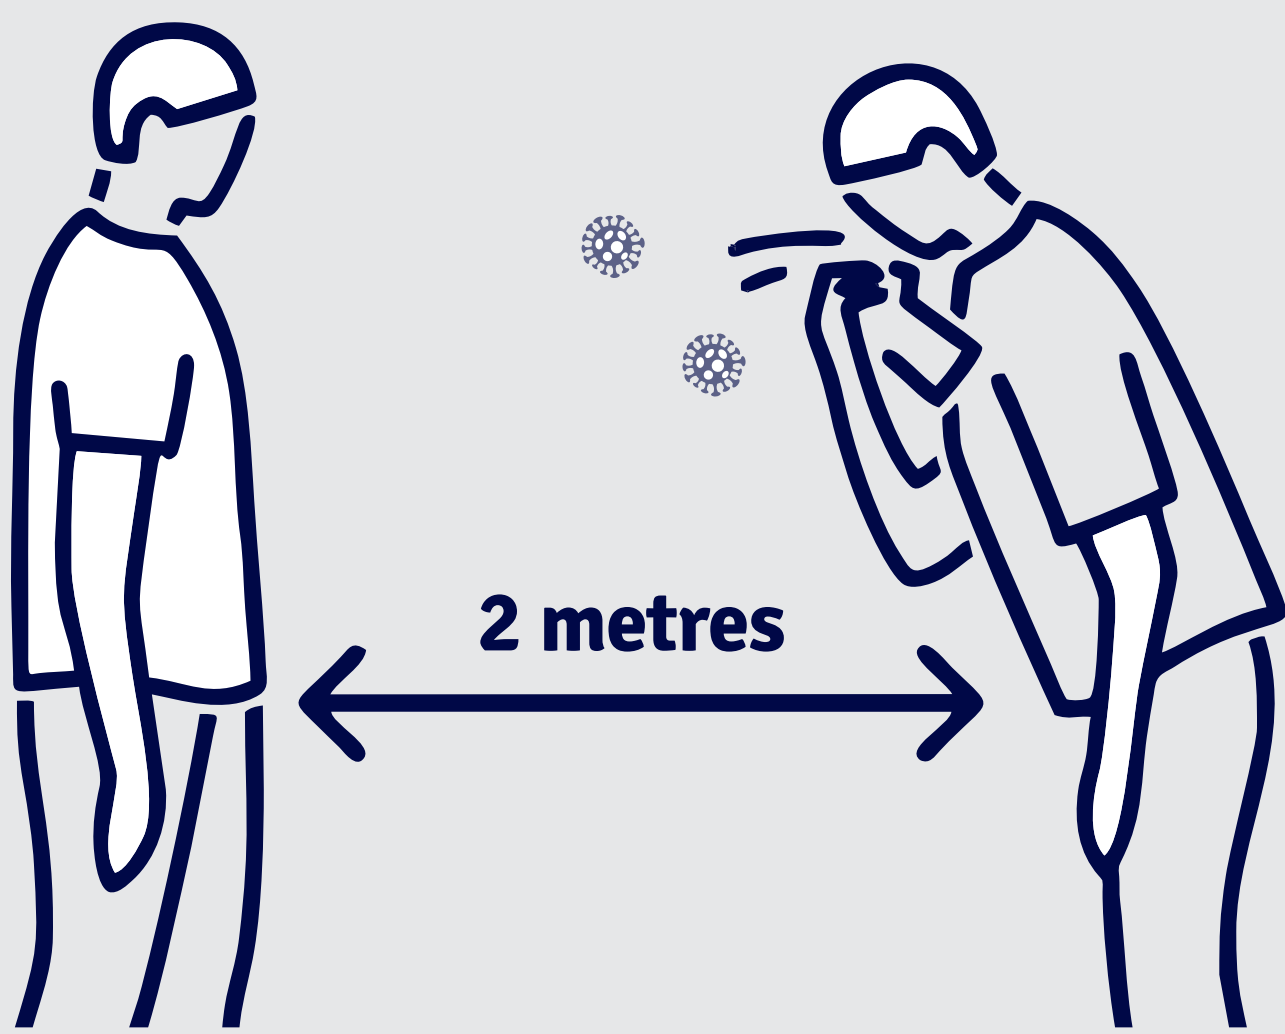

**#TakeResponsibility
#COVID19Nigeria**

Is COVID-19 airborne?

NO!

**Based on research studies
droplets that spread when
an infected person coughs
or sneezes land on nearby
surfaces**

**To stay safe maintain a social distance of 2 metres
from anyone coughing or sneezing and if
you are ill wear a face mask to
avoid infecting others**
